THE IRISH PAPER MILLS CO., CLONDALKIN, ASK EVERYBODY TO

SAVE WASTE PAPER

It is not only the patriotic duty but is in the individual interests of every man, woman, and child in the country to collect every available Scrap of Paper, so that the Irish Paper Mills may be kept running through this time of shortage of paper-making materials.

THE IRISH PAPER MILLS COMPANY guarantee that packs will be supplied and maximum prices fixed by the Government paid by their Contractors, Messrs. M. Duan and Co.

BANKS, PUBLIC OFFICES, and BUSINESS FIRMS having large stocks of old paper should get rid of it now, as the shortage of paper-making material is be-coming very acute, and the problem is to keep Mills

THE IRISH PAPER MILLS COMPANY are in a position to guarantee the destruction and repulping of ALL grades of paper, and their contractors will, if necessary, in the case of private documents, prepare the waste paper on the seller's premises and have it taken direct to the Mills and destroyed under the eye of a representative of the seller.

The minimum quantity of waste paper which can be taken in any one consignment is one cwt. Carriage on smaller quantities would be prohibitive.

Send samples, and highest prices will be quoted per return, and cash remitted promptly on receipt of goods.

DUVAL ET CIE, ART DYERS AND CLEANERS 8 NASSAU STREET,

The latest recruiting returns for Ireland show a total of 6,856 men—less than one seventh part of the minimum number that is required for the maintenance of the three Irish Divisions. On Wednesday we expressed our belief that, if the country could be convinced that the failure of Viscount French's appeal would be followed by the enforcement of conscription, enlistment would begin to advance by leaps and bounds. To-day we publish an official statement which ought to bring that conviction home to the minds of all sensible Irishmen. The time-limit for the raising of the national quota of 50,000 men has been extended from October 1st to October 15th. This extension was foreign the control of the proposition of the more control of the control of the positions which block direct access the definitely turned the hills and begun to open up the Vardar valley. The War Office announces that on Wednesday British and Greek troops attacked on either side of Lake Doiran, in the Bulgarian trench system on the greater part of the front attacked, taking seven the foots are the finitely turned the hills and rederence to the suggrested shortening of the time for basings at night for the with gas or the electric light would be required. Mean the definitely turned the hills and begun to open up the Vardar valley. The War Office announces that on Wednesday British and Greek troops attacked on either side of Lake Doiran, in the Bulgarian trench system on the greater part of the front attacked, taking seven the foots of the first premises open, with the time for the time time to the time for the time for the saving and reducing the hours of each at view to coonsmising the consumption of the time to the time for each and reducing the hours of each and reducin to October 15th. This extension was fore. hundred prisoners. This attack is clearly shadowed in Mr. Serjeant Sullivan's intended chiefly to engage the Bulgarian recent speech at Londonderry, when he forces on the Anglo-Greek front while the said that an additional fortnight, plus the fortnight needed for the legal enactment round their rear. This movement is making the Order in Council, would keep the voluntary campaign open till the beginning is descending the Cerna valley towards the of November. Serjeant Sullivan, however, Vardar behind the Bulgarian positions which the British and Greek troops the work of the National War Savings Committee, to be held in the Lecture Hall, Leinster House, by perfect the country could only warn the country that conscription was imminent. He did not speak which the British and Greek troops attacked. completely repulsed.

The English troops in a minor operation north-west of La Bassée advanced on a front of over 2½ miles as far as Rue du Marais and La Tourelle, and secured 100 prisoners.

The French on Thursday in the St. Quentin region captured Easigny-le-Grand, and yesterday they increased their progress eastward of that place. The artillery fighting near St. Quentin and north of the Aisne continues to be "lively."

South of the Ailette the enemy reacted violently during Thursday night. Five counter-attacks against the French were shattered, and the Germans suffered heavy loss.

A German effort to cross the Vesle at Jonchery failed.

It is reported that Metz is being bombarded by long-range guns, that panic prevails there, and that the town is being evacuated.

Our troops on Thursday afternoon attacked in the Lempire-Epéhy sector, and advanced their lines by at least a mile. They captured the Malassise Farm and a number of small woods.

Further north they retook Mœuvres, an important place.

The Red Finance. The structure of the diplomatic post his sympathy with the victims of German crueity in Belgium was in constant evidence, and we are probably not far wide of the mark in asyling that his influence partly helped to determine America to stand in with Birtain and France in the fight. Dr. Van Dyke sees clearly that, now that the issue has been kint; there must be no compremise. The struggle is for the democratic freedom of the world, to end the menace of the sword and the chronic curse of waz. As early as September, 1914, he wrote:— dueed a charming story from the material buffness and inwards. And tearless in the fight words. JAMES HILL & SON'S WEEKLY AUCTIONS ARE HELD EVERY SATURDAY & MONDAY.

These Auctions are very old established, and are the only Auctions in Ireland at which over 500 Lots of Genuine Secondhand Furniture are sold every week. Owing to the continued success of James Hill & Son's Auctions they are still able to charge the sellers only Five Per Cent. Fees.

The Auction Rooms are the Largest, Best Lighted, and Finest Appointed in Ireland, having seating accommodation for upwards of 100 persons.

The attendance of Buyers is very large, which is proved by Messrs. Kinnear & Co.'s Published Reports, certifying that for the last four years there has been an average of over 100 actual Buyers at every Weekly Auction.

Owing to James Hill & Son's perfected system the Contents of the Largest House sent to their Rooms can be settled for the week following that on which they are received.

Special Attention given to Auctions in Private Houses in Town or Country. Auctions of Stocks, Valuations, &c.; or, if desired, Furniture and Effects will be Purchased by Valuation at Highest Market Price for Cash from £10 to £10,000. Distance no object.
